

# COSHH Risk Assessment

## JANGRO CLEANER DISINFECTANT

Product Code: BA050-75

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
<b>DELIVERY</b>			
Packaged in 750ml trigger spray bottles. Product is supplied ready to use.	Risk of spillage if the container is dropped.	Ensure that the trigger spray is secured at all times.	Transfer bottles to store immediately following delivery. Do not leave bottles in areas where users of the building will come into contact with them.
<b>STORAGE</b>			
Store product securely in a cool, dry, well-ventilated area. Keep away from oxidising material. Product must be kept stored in its original container. Keep out of reach of children.	Minimal risk of spillage if bottles firmly in place.	Restrict access to storage areas to authorised personnel. Keep the store well ventilated. Clear up spills immediately. Keep bags in secure storage areas. Ensure that product is stored away from substances that contain oxidising agents.	Store containers so their labels face forward. Use oldest stock first. Make regular checks to ensure that bottles are not split or blown/damaged.
<b>USAGE</b>			
Product is sprayed directly on to surface where it cleans, disinfects and deodorises in one action. Follow instructions on label.	Risk of eye contact. Risk of skin contact. Risk of ingestion. Risk of inhalation.	Handle the spray with care. Ensure that the bottle is returned to the store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	No PPE is required in normal use. For prolonged contact use suitable gloves. Ensure that operatives are aware of location of First Aid facilities and personnel.
<b>DISPOSAL</b>			
Discharge used solutions into drain. Small amounts (less than 5 litres) of unwanted product may be flushed with water to sewer. Consign empty containers to normal waste.	Small risk of skin or eye contact.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal.	Personal Protective Equipment is not required during disposal.
