

SM40 - Oil Only Sock

Collection: Oil-Only Spill Range

Range: Spill Control

Materials: Polyester Knitted Fabric Outer with Polypropylene Fill

Outer Carton: 1

Product information

Our oil only sock has a spun bond outer for durability. The sock is hydrophobic allowing it to float on water even when saturated. Each sock absorbs 3 litres of oil based liquids.

Oil-Only Spill Range

These products are always white in colour and should only be used in the event of oil based spills such as lubricants, fuels and even vegetable oils. Using hydrophobic technology, they only absorb oil and do not absorb water, remaining buoyant even when saturated.

Spill Control

Introducing a large range of spill control products that efficiently manage any industrial liquid hazard. These products are now needed to comply with health and safety regulations and are your first line of defence against a variety of spills.

Standards

BS 7959-1
BS 7959-2
